

**Press Release – New Office Location
FOR IMMEDIATE RELEASE**

Richmond, British Columbia, Canada June 7, 2013—TCS Forensics Limited is pleased to announce the relocation of their office. On June 1, 2013, TCS Forensics moved their main office to Unit 125- 3751 Jacombs Road in Richmond British Columbia V6V 2R4.

The move will accommodate recent growth and enable the company to continue to maintain superior customer service to its expanding clientele. “Everyone here at TCS Forensics is thrilled to move into our new home,” stated Keith Perrin, CEO and founder of TCS Forensics. “The move will allow our company to better facilitate our employees by doubling the square footage of our office and upgrading our in-house technology. The new location includes additional space for new Risk Management & E-discovery Labs. Most importantly, the relocation is driven by the company’s commitment to better serve its clients. The new office will bring our team together allowing a more collaborative approach to the new services.

TCS Forensics is the premiere forensics investigation company that specializes in mobile devices such as Iphone, Ipad, Blackberry, Samsung & 5300 others, computers, laptops and PC’s. We also specialize in network vulnerability/ Penetration Testing, Risk management and E-discovery. TCS Forensics has the largest private forensic lab in Western Canada serving clients from New Brunswick to British Columbia, Washington DC, Texas, California, Washington State and more. We provide onsite forensics 24 X 7 X 365 and service many happy clients from private individuals, corporate & public companies including law firms, municipalities, government ministries, financial institutions and private investigators.
